Roper Sees Holiday Trade at '29 Level

Secretary Believes Sales Will Be 15 per Cent Larger than in 1935.

Luxury Buying Up

Uptrend of Business, More Employment, Better Prices Are Major Factors.

WASHINGTON, Nov. 30 (AP)—Secretary Roper said today that reports to the commerce department from all sections "clearly show that people are buying this Christmas more expensive types of gifts than for any season since 1929."

Roper also said "the unprecedented distribution of corporation funds through bonuses and extra dividends is a most stimulating factor" in the Christmas buying surge.

"Progress reports" on Christmas business, the secretary said, support previous predictions that department store sales this season "will be at least 15 per cent greater than in 1935 and will closely approach the volume obtained in the 1929 season."

People More Prosperous.

"Our reports give evidence of the fact that people throughout the country are in a much more prosperous condition now than has been the case for the last seven years," he continued.

"The general uptrend of business, more widespread employment and better prices obtained by farmers, have been major factors in stimulating this holiday trade to the highest levels in several years."

Analyzing reports from trade centers, a commerce department summary said "there have been very definite indications in the last few weeks that New Yorkers are no longer 'penny pinching' and that money in increasing amounts is being spent on goods other than necessities."

The "unexpected money" pumped out in extra dividends in New York, it was said, "is finding its way into purchases of fur coats, jewelry, furniture and automobiles."

In Chicago, the summary continued, trade volume this Christmas will top 1935 by 12 per cent but increases in some luxury lines will reach 25 percent. Reports on "luxury buying" from other cities:

Buying Luxury Goods.

Denver—Jewelry, furs and other "de luxe" merchandise expected to top last year by 25 per cent; automobiles will be bought in greater volume for gifts.

Atlanta—Estimated holiday transactions average 20 per cent over last year "with all lines of luxury goods selling in much greater volume than in recent years."

Boston—Luxuries make "excellent gains" as general rise of 12 per cent over last year is seen in holiday business.

Washington—Higher priced articles in greater demand than last year.

Detroit — Dividend and bonus payments bring "greater demand for quality merchandise" as 15 to 20 cent climb in retail trade is predicted.

Suicide to Crash Pickets, Chief Says

RACINE, Wis., Nov. 30 (AP)—A committee of city councilmen and county board members turned today in law enforcement officials in an attempt to get at least a part of the 1,000 J. I. Case company workers back to their jobs in time to share in a 6 per cent bonus promised those at work on Dec. 1.

The committee appealed to Chief of Police Grover C. Latsch and Sheriff Fred Reinhart after its proposal for a 30-day truce was rejected by the United Automobile Workers' union.

The two Case plants have been closed more than five weeks because of labor trouble.

Latsch and Reinhart were called into a closed meeting of the committee. Neither the officials nor committeemen would disclose what took place but it was reported that Latsch, in a voice so loud he could be heard beyond the committee room walls, said, "It would be suicide for me to try to get workers through the picket lines with only 99 policemen."

10-Months' Traffic Toll Hits 29,850

CHICAGO, Nov. 30 (AP)—The national safety council marked up its 1936 traffic death total to 29,850 today—for the first 10 months—and calculated that at the same rate the death toll by Jan. 1 would be 37,100.

That would be a new all time high, exceeding the record of 36,000 in the first 10 months of 1935. In the first 10 months of 1936 the death count was 29,603.

Statistician R. L. Forney announced yesterday that pedestrian fatalities increased 2 per cent, including a 10 per cent advance in the number killed between the ages of five and 14. Deaths in other kinds of vehicle accidents declined 1 per cent.

In October the safety council's records showed 3,020 fatalities, compared with 3,060 in October, 1935. It was the sixth consecutive month in which the toll exceeded that of the corresponding month of 1935.

To Study Phone Rates

The Kentucky public service commission has appointed J. A. Kouwenhoven to investigate telephone rates. On leave from his position with the Wisconsin public service commission, Krug recently aided a federal investigation of the American Telephone and Telegraph company in New York.

DEATH COMES TO F. W. GREEN

Twice Governor of Michigan Succumbs while on Hunting Trip.

MUNISING, Mich., Nov. 30 (AP)—Fred W. Green, twice governor of Michigan, died early today.

In keeping with an active, outdoor life, death came to the 64-year-old former governor on the closing day of the deer hunting season. He hunted each fall at his camp near here, and became ill on Nov. 25, a day after he failed a large buck.

Exertion has overtaxed his heart and aggravated a gall bladder condition from which he had suffered for several years. He died in Munising hospital.

Thirteen times he was elected mayor of Ionia, Mich., his home. Twice he was elected governor of Michigan, in 1926 and in 1930, both times by overwhelming majorities. He refused to seek a third term in 1932.

He was delegate to several national Republican conventions and was treasurer of the Republican state central committee for 10 years.

Green was born in Manistee, Mich., Oct. 20, 1872. His Ypsilanti Reed Furniture company at Ionia was one of the largest industries of its kind in the country.

He is survived by his widow, who was with him when he died, and one daughter, Mrs. Peggy Bradley of Detroit.

The body will be taken to Ionia where funeral services will be held Wednesday.

Herbert J. Rushton of Escanaba, former State senator and close friend of Mr. Green, took charge of arrangements here and accompanied the body to Ionia, where it was to arrive tonight.

POST-INTELLIGENCER IS PUBLISHED AGAIN

SEATTLE, Nov. 30 (AP)—For the first time in 15 weeks, carrier boys delivered the Seattle Post-Intelligencer to homes today.

Presses rolled out a 48-page edition—a week day record—in celebration of settlement of an editorial strike by the American Newspaper guild which closed the plant Aug 19.

The paper's new publisher, John Boettiger, President Roosevelt's son-in-law, was on his way to Seattle with his wife, the former Anna Eleanor Roosevelt. She will settle for the Pi-

Tough Mariners Preparing For Hard Winter on Lake

MUSKEGON, Wis., Nov. 30 (AP)—Hard-bitten mariners of Lake Michigan, for whom a howling January blizzard holds no terrors, are preparing for a busy and profitable winter.

Although most of the freighters lay up for the winter, there are a few navigators who will keep their ships in operation. The big three run will be many and varied, but they will see to it that trans-lake traffic is kept moving.

Furious northwest gales, crushing ice fields which tax the endurance of man and vessel will be the lot of those who sail throughout the winter but, they will tell you, "we've been doing it for years and we aren't going to stop now."

The winter of 1926-26 brought Lake Michigan the worst ice conditions in 25 years, but the movement of package freighters and carferries was not impeded for long.

The bulk of the heavy navigation will move out of Muskegon, Ludington, and Frankfort to the western terminals of Milwaukee and Manitowoc, Wis.

Carferries and two freighters will continue in service between Muskegon and Milwaukee. The Grand Trunk railroad, the Manistee, Milwaukee and Grand Rapids, the Wisconsin-Michigan line will operate the steamer Nevada, while the Northern Michigan line will operate the steamer Maitland.

Carferries of the Ann Arbor railroad will operate out of Frankfort and four or five Pere Marquette ferries will run between Ludington and Milwaukee and Manitowoc.

The vessels have been undergoing extensive inspection and repairs to fit them for the strenuous task of packing the ice fields.

BANKS GUILTY OF COLLUSION, STATE CLAIMS

Commission Charges Liberty State, First Wisconsin Conspired on Call.

Accuse Rosenberg

MILWAUKEE, Nov. 30 (AP)—Chief Counsel George A. Affeldt of the Wisconsin banking commission charged today there had been collusion between the Liberty State bank, and J. Rosenberg, its president and the First Wisconsin National bank to present a false bank call statement of the Liberty bank to its depositors.

Affeldt's statement marked the opening of the trial of the civil action brought by the commission against the First National. The trial will be heard without a jury before Judge John C. Kleczka.

Affeldt leaned five long sections and charged that by borrowing, the Liberty State bank was enabled to make a bank call picture and show a reduced amount of liabilities. The commission seeks an accounting for $1,220,000 to collateral it charges was pooled by the Liberty State with the First Wisconsin for a series of short time loans aggregating $581,000 between June, 1931, and July 1, 1932.

Seek to Prove Scheme.

"Any bank failure in a community impairs the confidence in other banks," Affeldt said. "We seek to prove that the Wisconsin Guaranty corporation and the First Wisconsin National bank, seeking to ward off bank failures and to save itself from the effects of runs by depositors, entered into a scheme with Rosenberg in which a false picture of the Liberty State bank was presented."

Affeldt said the commission expected to prove that papers were arranged in advance for handling the loans which "the state supreme court has already ruled to be sham and false."

The first of the five separate loan transactions, dated June 25, 1931, the counsel said, was typical of the alleged manipulation.

Affeldt stated that before the call period the Liberty State owed the First Wisconsin $320,000. He charged that Rosenberg, using collateral and assets of the Liberty State, obtained a personal loan of $320,000. He contended that the proceeds of the loan were deposited which wrote down by a bookkeeping transaction the bills payable of the Liberty State to the First Wisconsin from $320,000 to $114,000.

Claim Transaction Reversed.

The commission charged that the Liberty State bank reported only this liability in its bank call report.

"After the call date," Affeldt said, "the transaction was reversed, Rosenberg's note being cancelled and the amount of the loan charged back to the Liberty State bank. Rosenberg's note to the First Wisconsin again assumed the figure of $320,000 a few days after the report was made.

"No money was passed. It was just a stroke of the pen."

Affeldt said the First Wisconsin knew the true condition of the Liberty State bank and that the purpose of the transactions was to conceal the actual condition of the Liberty State.

Robert S. Marx of Cincinnati, counsel for the defendant bank, said, "all there is to this lawsuit is the attempt to find some position to carve by the Liberty bank to escape repaying loans owed by the Liberty to the First Wisconsin."

LIBRARIAN TO RETIRE.

MADISON, Nov. 30 (AP)—Retirement of Walter M. Smith, 65, University of Wisconsin librarian, in 1893, and appointment of Gilbert H. Doane, 32, librarian at the University of Nebraska, as his successor, will be recommended to the board of regents by President Glenn Frank, it was announced today. The regents' next meeting is scheduled for Dec. 8. Smith's resignation was volunteered after 43 years of service.

NEW CRUISER LAUNCHED.

BROOKLYN, Nov. 30 (AP)—Cheered by a crowd of 15,000, the new $15,000,000 United States navy cruiser Brooklyn was launched today at the Brooklyn navy yard.

NEW QUEEN FOR THE BELGIANS?

Belgium is stirred by reports that the King-Leopold whose wife was killed in an auto accident, may take the Archduchess Adelaide, eldest of his second wife. The archduchess is a sister of Archduke Otto of Hapsburg, pretender to the throne of Austria.

GOVERNOR OUT ON $6,000 BOND

Vermont Chief Executive Is Charged with Concealing Bank Thefts.

RUTLAND, Vt., Nov. 30 (AP)—State's Attorney Asa S. Bloomer issued a warrant today against Gov. Charles M. Smith, president of the Mardale Trust company, charging him with concealing thefts. The warrant was released in $4,000 bail without bail arranged.

The warrant was served on the governor in his home office.

John J. Cocklin, an officer of the bank was recently convicted of embezzling $124,000 from the bank. Some time ago Lathrop Baldwin, bank treasurer, was convicted of perjury in the case.

During the past nine years, the Mardale Trust company has been embezzled from the bank.

Cleaning, Dyeing Code Is Upheld

MADISON, Nov. 30 (AP)—Circuit Judge Alvin C. Reis upheld the state code for the cleaning and dyeing industry today in a decision asserting that it is needful for the state for the right of the courts to pass judgment upon the wisdom of code requirements.

Judge Reis denied Famous Cleaners and Dyers, of Madison, an injunction to vacate the code.

He said that the prohibition against selling "below reasonable cost" was unquestionably pernicious but that the state's aim is to reduce unfair competition. In this respect, Judge Reis held, the code was a proper exercise of the police power.

Portion of optometrists, a division produced by over-acceleration of the parathyroid gland, declared a state standard from five feet 10 inches to five feet. His weight dropped from 180 to 140 pounds during the 12 years he has been afflicted but under dietary treatment he has gained 15 pounds.

FIND BODY IN RIVER

BAUK CITY, Wis., Nov. 30 (AP)—The body of Mrs. Matthew Martel, an invalid, was recovered from the Wisconsin river yesterday. Mrs. Martel, who was 76, had been under the care of a nurse after returning from a hospital at Madison a week ago, disappeared Saturday

THREE POWERS FORM MUTUAL AID ALLIANCE

France, Britain, and Belgium Agree to Repel Aggression, Report.

Arms Trade Grows

LONDON, Nov. 30 (AP)—Foreign Minister Anthony Eden disclosed French hopes of a tri-power military accord between Great Britain, France and Belgium today.

"His majesty's government," the youthful foreign minister told the house of commons, "has explicitly expressed any tendency to divide the world into conflicting camps.

"Our policy continues to be to promote friendly relations between all nations."

New Alliance Reported.

French and Great Britain and Belgium have formed what virtually amounts to a three power military alliance, it was reported in Paris and today, intercepting the persistent part as signaling a new western European alliance.

French Foreign Minister Yvon Delbos will announce the rapprochement Friday, these sources said, returning Britain's ardor of Hapsburg pretender to the throne of Austria.

Social Security Act Before Court

Federal Judge Hears Case against Unemployment Insurance Provision.

BOSTON, Nov. 30 (AP)—After a brief hearing, Federal Judge George C. Sweeney took under advisement today the validity of the state unemployment insurance provisions of the social security act.

The case was brought by George F. Davis of Waltham, who, as a shareholder in the Boston and Maine railroad, sought to prevent payment by the railroad of the unemployment insurance tax.

Judge Sweeney indicated he would announce his decision on or before Dec. 15.

Davis was represented by Attorney Edward F. McClennen, who contended the tax was unconstitutional because it was not an excise tax, was not uniform and was not a tax for the general welfare of the nation. The government, through Charles Bysanski, special assistant to the attorney general, presented an opposite view.

Both sides said an appeal would be taken to the United States circuit court and the United States supreme court in the event of an unfavorable ruling from Judge Sweeney.

DIES AT TOMAHAWK.

RIPON, Wis., Nov. 30 (AP)—Believing he might not return alive, Dr. George W. Hall, 82, retired dentist, selected a coffin before going north to hunt deer last week.

As he hunted near Tomahawk he suffered a stroke and died at a Tomahawk hospital today.

SHOT SELF, VERDICT.

MILWAUKEE, Nov. 30 (AP)—A coroner's verdict of suicide by shooting was rendered today in the death of Lee Noble Robert, 50, manufacturer of fishing tackle, whose body was found in a downtown hotel room last night

Shrinking Man Staging Comeback

MINNEAPOLIS, Nov. 30 (AP)—The "shrinking man" is staging a comeback.

Hans Nelson, 62-year-old painter, has lost that trend lasting inch reduced his height 10 inches and his weight 50 pounds during 12 years.

Since he reported to University of Minnesota hospital authorities a year ago, Nelson has had two relapses. But now he has gained 15 pounds, can drive a tractor and walk "pretty well around the garage."

Portion of optometrists, a division produced by over-acceleration of the parathyroid gland, declared a state standard from five feet 10 inches to five feet. His weight dropped from 180 to 140 pounds during the 12 years he has been afflicted but under dietary treatment he has gained 15 pounds.

Roosevelt Gets Great Buenos Aires Ovation

President Justo, Hull, Other Notables Greet Chief Executive's Ship.

Speaks Tomorrow

Will Give Opening Address to Pan-American Peace Parley at 6 p. m.

BUENOS AIRES, Nov. 30 (AP)—President Roosevelt, acclaimed by hundreds of thousands, reached here early this afternoon for the opening tomorrow night of the Pan-American peace conference which grew out of his initiative.

The cruiser Indianapolis, which carried the president on his 13-day trip from Charleston, S. C., docked amid the cheers of a huge throng on shore and the shrieks of whistles on hundreds of vessels in Buenos Aires harbor.

President Roosevelt disembarked at 1:50 p. m. He was greeted at the pier by President Justo, United States Secretary of State Cordell Hull, Argentine Foreign Minister Carlos Saavedra Lamas, Cardinal Santiago Copello and other notables.

Before Mr. Roosevelt left the Indianapolis, the cruiser's band played the Argentine anthem and then the "Star Spangled Banner," in which the Argentine navy band ashore joined.

Son with President.

The visiting United States president descended the gangplank holding the arm of his son, James.

President Roosevelt got into a car at the foot of the gangplank after greeting President Justo, to whom he was introduced by United States Ambassador Alexander W. Weddell.

Then the two executives drove off together along the 30-block route to the United States embassy, Mr. Roosevelt's residence during his stay.

President Roosevelt is to make the opening address when the inter-American peace parley, proposed by him last year, gets under way at 6 p. m. tomorrow.

Eight Argentine warships and a river flotilla escorted the Indianapolis up the Rio Plata to the quay, while Argentine planes circled and dipped overhead.

Near the dock—along which a red carpet an eighth of a mile long had been laid—were the six-foot-tall bronze grenadiers of Argentina's liberator, Gen. Jose De San Martin.

The route of the 11-car motorcade to the embassy was lined with Argentine infantrymen, who announced to their planes when the Indianapolis was sighted, ahead of schedule, coming up the muddy Rio Plata.

Mounted and foot policemen restrained the crowds in the Avenida Britanica, near the dock.

Within a few hundred yards of the United States embassy Mr. Roosevelt's car swung around a monument to the Spanish colonizers of Argentina.

Then the car turned into the embassy, where 10 rooms have been set aside for President Roosevelt and his aides.

The weather was hot and hazy—a typical day of early South American summer.

The presidential party was greeted off Montevideo, Uruguay, yesterday, by the Argentine naval escort. Newspapermen and secret service agents aboard the cruiser Chester were transferred to the United States destroyer Phelps for the nine journey up the twisting estuary. The Chester remained off Montevideo to refuel.

The Argentine warships saluted Mr. Roosevelt with 21 guns as the United States chief executive and President Agustin Justo of Argentina exchanged messages by wireless.

Delegates in the capital, discussing pre-conference plans, showed keen interest in one major question: The evolution of a defensive Pan-American policy designed to keep nations of the western hemisphere free from the entanglements in Europe and Asia.

They declared President Roosevelt's speech at Rio De Janeiro last week sounded a keynote for stimulated co-operation between the American nations both in neutrality and trade problems.

Rev. McCarthy Named New Marquette University Head

Succeeds Father Magee on Direction of Jesuit Order in Rome.

MILWAUKEE, Nov. 30 (AP)—The Rev. Timothy McCarthy, S. J., succeeds the Rev. William M. Magee, S. J., this night as president of Marquette university.

Father McCarthy, who was a classmate of the retiring president when they joined the Jesuit order 40 years ago, was elected to the office at the regular evening meal of the Jesuit community in Johnston hall.

The order appointing Father McCarthy as the fifteenth president since the school was founded in 1881, and the seventh since it became a university came from the director general of the Jesuit order in Rome, the Most Rev. Vladimir Ledochowski, S. J.

A young athelatic read the order at the evening meal and by that solemn ceremony the new president assumed his duties.

A native of Marquette, Mich., Father McCarthy came here from St. Louis university, St. Louis, Mo., where he had been head of the psychology department since 1933 and regent of the school of philosophy and science since 1930. He is 47.

Coming here in 1922 as a professor, Father Magee became regent of the School of Business Administration in 1924, dean of the Liberal Arts college in 1925 and president of the university on Jan. 16, 1926.

Father Magee said he had received the instructions regarding his future post. No plans have been made as yet for a formal inauguration of the new rector.

Although it is customary to change presidents at Jesuit schools after six years, Father Magee's administration was extended to si-

(Continued on Page 4.)

TAXES OVERLAP, STUDY REVEALS

U. S. Raises Two Billions from Six Sources, States One Billion.

WASHINGTON, Nov. 30 (AP)—A treasury study of overlapping taxes disclosed today that while the federal government was raising more than $2,000,000,000 from six sources of revenue, the states collectively obtained more than $1,000,000,000 from the same sources.

The report embraced a study of eight state levies, six of which are duplicated by federal imposts. Both state and federal revenues from the six sources—income, inheritance, capital incomes, corporate incomes, gasoline, liquor and tobacco—totaled $3,331,300,000 in 1935.

Of this aggregate, it was shown in the report and other treasury statistics, $2,271,400,000, or about two-thirds, went to the federal government and $1,059,900,000 to the states.

Revenue to the states from the entire eight taxes, including those on general sales and luxury applications, was set at $1,054,800,000, last year, compared with $1,582,500,000 in 1935.

Gas Tax Revenue Large.

In both years, gasoline taxes accounted for a major portion of the revenue with receipts from this source reported at $598,300,000 last year and $472,000,000 in 1935.

General sales taxes, which were in effect in only two states and produced $1,200,000 in 1935, jumped $264,900,000 into the treasuries of 23 states last year.

Individual income tax receipts dropped from $133,100,000 in 1935 to $101,000,000 in 1935, although the number of states imposing these taxes increased from 29 to 33.

Corporation income revenue declined from $134,200,000 to $58,000,000 while the number of states levying such taxes jumped from 18 to 23.

ICE BLOCKADE FEARED.

SAULT STE. MARIE, Mich., Nov. 30 (AP)—Continued cold weather and ice in the lower St. Mary's river which already has impeded navigation intensified fear today of an ice blockade. The Canadian steamer Hannonic reported by radio yesterday that it had freed the freighter W. D. Lyons, which had been fast in ice near Lime island for 18 hours.

Mary Christmas Receiving Flood of Yuletide Letters

RACINE, Wis., Nov. 30 (AP)—Mary Christmas was busy answering letters today, helping to make Christmas merry for children and grownups in scattered parts of the world.

Mail from the Orient has arrived already, just as it has each yuletide since Mary and Sam Christmas were married 47 years ago. Among the first was some from China and Hawaii.

Mrs. Christmas, whose disposition friends say is in keeping with her name, manages to get Mrs. Santa Claus to her own five children as well as hundreds of unseen little friends throughout the world.

"Most of the writers ask me to write my name on the letter and then forward it to Santa Claus, Ind., for postmarking before returning it to them. Others just ask for my autograph. I have quite a collection of cute little trinkets people send me in the mail."

Through the correspondences she has made an acquaintance with the postmaster at Santa Claus. Here many misaddressed letters in her service and are forwarded to Racine.

Mrs. Christmas had to have the telephone removed from her home some years ago because she was "almost driven crazy answering it."

Racine parents, she said, would tell their sons and daughters to call up Santa Claus' wife instead of writing directly to Santa. For a time she tried taking the calls, but it soon became too much of a task.

Her name affords her lots of entertainment. When giving her name to store clerks filling out charge and delivery slips, she almost invariably hears the reply:

"Thanks, same to you, but what's your name?"

Explosion Kills Six, Injures One

DELTA, Pa., Nov. 30 (AP)—Six workmen were killed and a seventh was seriously injured today in an explosion of dynamite at a slate quarry in York county, near the Mason Dixon line.

The men, carrying the dynamite, were about to enter the mine of the Funkhouser company, manufacturers of roofing material.

Four of the dead were identified as Lee Jones, 18, and Roy Ayres, 18, both of Delta; Luther Williams, about 25 and Ralph Reaver.

Authorities were unable to determine whether the bodies of the two others were Lush, Thomas or Wilson Lush, three brothers employed at the mine.

Thousands See Stock Exhibits

Continent's Finest Cattle in Ring; Canada Wins Wheat Crown.

CHICAGO, Nov. 30 (AP)—Championship competition at the 37th International Livestock exposition reached a high pitch today, with the American continent's finest cattle, sheep and swine in the ring.

The seven acres of livestock exhibits, worth more than $5,000,000, spread to life when the first Aberdeen-Angus steers and shorthorn breeding classes went under the eyes of an international group of judges.

Entered in the "baby beef" boy mobilized for the junior livestock judging contest in the grain arena of the Union stock yards amphitheatre.

A thunder of hoofs heralded first judging in the unusually large entry list of draft horses.

The farm boys and girls attending the national 4-H club congress faced a busy day, with baked goods, food preservation, clothing and home furnishings to be judged in the loop. Style revue judging was another feature of the program.

Attendance at 180,000.

Attendance for the first two days of the exposition had risen to approximately 100,000—40,000 going to the amphitheatre on the opening day and about 60,000 yesterday, Manager B. H. Heide estimated.

Yesterday's big feed grain show, Herman Trelle, Wembley, Alberta, Canada, won the grand championship in alfalfa.

Arraignments in Oil Case Delayed

MADISON, Nov. 30 (AP)—Arraignment of 39 major oil companies, 16 individuals on charges of violating the Sherman anti-trust act probably will be delayed one week, Dist. Atty. John J. Boyle said today.

The defendants who were indicted last August in a sweeping federal investigation of the oil industry were scheduled to appear before Judge Patrick T. Stone tomorrow, but Boyle received word that defense attorneys will ask for a continuance to Dec. 7.

The district attorney said he will not oppose the motion and Judge Stone is expected to grant the delay.

Most of the individuals under indictment are executives of the defendant oil companies. All are charged with conspiracy to fix gasoline prices in 23 mid-western states through the operation of buying pools.
